

Cell Phone Collection

Inform estimates that in 2005, over 100 million cell phones will be retired in the U.S.

Charitable Recycling Program

Many people wonder what to do with their old cell phone. Because cell phones and their batteries contain toxic materials, they should not be thrown away.

Please donate your used cell phone(s) to the Faribault County Charitable Recycling program. These phones are collected, refurbished and provided to shelters for cost-free 911 (emergency only) services. Obsolete phones are destroyed in an environmentally responsible manner. This is considered a tax-deductible donation.

There are several cell phone drop sites in the county:

- Faribault County Courthouse, Blue Earth, Minnesota
- Bricelyn City Hall
- Pioneer Bank in Delavan
- Elmore City Hall / Liquor Store
- Kiester City Hall / Liquor Store
- Minnesota Lake City Hall
- Wells Municipal Liquor Store
- Winnebago City Hall

If you have any questions about this or any other solid waste program call the Prairieland Solid Waste Coordinator (507) 238-3115 or toll free (888) 783-3110.
